## **WELCOME TO NEXUS BOND**

**NEXUS BOND PACKAGING. L L C**

**NEXUS BOND PACKAGING. LLC was Establish in United Arab Emirates as converter of all kind of adhesive tape product used for sealing, packing and ducting. Over the years due to client request we added some more products such as masking tape, duck tape, warning tape, foam tape, pvc insulation tape and also all kind of tape**

**A no-compromise policy on quality and increasing customer satisfaction, we, at Nexus Bond Packaging. LLC, are the leading manufacturers of tapes, stretch films and packaging materials with a diverse range. This has put us in the ideal position to push forward and capture bigger markets around the world**

### BOPP CLEAR TAPE

BOPP is Biaxially Oriented Polypropylene (BOPP) film coated with water based adhesive and our adhesive tapes are made from superior quality adhesive. Which provide high tack and adhesion strength required for sealing of Carton to make the pilfer proof.

- ▶ Ideal for light weight packaging
- ▶ Color : Transparent

### BOPP BROWN TAPE

BOPP is Biaxially Oriented Polypropylene (BOPP) film coated with water based adhesive and our adhesive tapes are made from superior quality adhesive. Which provide high tack and adhesion strength required for sealing of Carton to make the pilfer proof.

- ▶ Ideal for light weight packaging
- ▶ Color : Brown

### BOPP COLOR TAPE

Bopp is film coated with water based adhesive and our adhesive tape are made from superior quality adhesive which provide high tack and strength sealing of Carton and coloured BOPP tape which is available with us as per specification

- ▶ Flawless Finish
- ▶ High Srength & Tear Resistance
- ▶ Color : White, Blue, Yellow, Red, Green Black and more

### BOPP PRINTED TAPE

BOPP is Biaxially Oriented Polypropylene (BOPP) film coated with water based adhesive and our adhesive tapes are made from superior quality adhesive. Which provide high tack and adhesion strength required for sealing of Carton to make the pilfer proof.

- ▶ Tapes can be printed with company name or logo for better appeal & identification
- ▶ Bunding & Re-inforcing
- ▶ Laminating & Tabbing
- ▶ Label Protection

### SPECIAL OFFER TAPE

BOPP is Biaxially Oriented Polypropylene (BOPP) film coated with water based adhesive and our adhesive tapes are made from superior quality adhesive. Which provide high tack and adhesion strength required for sealing of Carton to make the pilfer proof.

- ▶ Tapes can be printed with company name or logo for better appeal & identification
- ▶ Bunding & Re-inforcing
- ▶ Laminating & Tabbing
- ▶ Label Protection

### FRAGILE TAPE

Bopp is film coated with water based adhesive and our adhesive tape are made from superior quality adhesive which provide high tack and strength sealing of Carton and coloured BOPP tape which is available with us as per specification

- ▶ Tapes can be printed with company name or logo for better appeal & identification
- ▶ Bunding & Re-inforcing
- ▶ Laminating & Tabbing

### MASKING TAPE

A Premium and Economical grade general is resin impregnated crepe paper coated with latex natural rubber Adhesive. Our Performance Grade Masking tape are designed to meet the standard of the most demanding industrial Painting, and Transportation Industry applications.

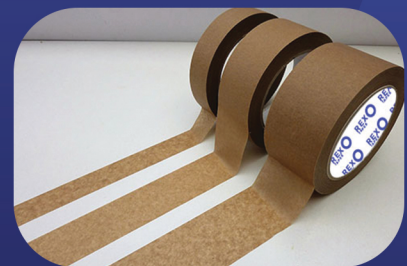

- ▶ Premium grade
- ▶ Bage Color
- ▶ Nature Color
- ▶ Painting Purpose

### AUTO GRADE MASKING TAPE

A Premium and Auto grade general is resin impregnated crepe paper coated with latex natural rubber Adhesive. Our Performance Auto Grade Masking tape are designed to meet the standard of the most demanding industrial Auto Painting, and Transportation Industry applications.

- ▶ Premium Auto grade
- ▶ Yellow
- ▶ Nature Color
- ▶ Auto Painting Purpose

### BROWN MASKING TAPE

A Premium and Economical grade general is resin impregnated crepe paper coated with latex natural rubber Adhesive. Our Performance Brown Masking tape are designed to meet the standard of the most demanding industrial, and Packing Material Industry applications.

- ▶ Premium Grade
- ▶ Brown Color
- ▶ Nature Color
- ▶ Industrial Purpose

### COLOR MASKING TAPE

A Premium and Stationary grade general is resin impregnated crepe paper coated with latex natural rubber Adhesive. Our Performance Color Masking tape are designed to meet the standard of the most demanding industrial, and Stationary and school applications.

- ▶ Premium grade
- ▶ All colors
- ▶ Nature Color
- ▶ Industrial Purpose

### DUCT TAPE

Duct tape is water proof PE coated fabric tape. It is used for holding, splicing, masking, patching, sealing and seaming purpose.

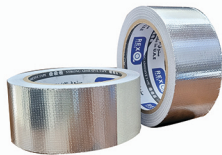

- ▶ Its good for heavy duty application
- ▶ It is water proof and used in construction industries for AC ducting
- ▶ Available in silver gray color. Other colors are available against request.

### ALUMINUM TAPE

Aluminum foil tape is a soft coated with rubber resin pressure sensitive adhesive for excellent adhesion and self wound on release liner

- ▶ Exvellent Barrier to Vapor
- ▶ High quality adhesion & super holding power
- ▶ Superior temperature, UV and solvent resistance.

### ALU GLASS TAPE

Aluglass tape is an aluminum glass cloth back tape and mesh glass cloth which is merged with high performance hot melt adhesive and finally given protection by silicone release paper.

- ▶ Excellent barrier to vapor
- ▶ Excellent flexibility
- ▶ Superior temperature, UV, and solvent resistance.

### FSK TAPES

- ▶ FSK Tape (Foil+Scrim+Kraft Paper+ Adhesive)
- ▶ High Performance-Solvent Acrylic Adhesive.
- ▶ Excels in demanding temperature and humidity applications.
- ▶ Long Lasting Adhesion on clean/dry surface.
- ▶ Full bond within 24 hours.
- ▶ With release paper.

### ALUPET TAPE

Aluminum foil tape is a foil tape reinforced with PET film backing (ALUPET) combined with strong Solvent Acrylic adhesive and easy release liner for maximum performance.

- ▶ Low moisture content of these products makes these tapes as a good sealant.

### PROTECTION TAPE

SPT - Black & White and White color with Different Thickness, with different printing. For protection of glass also these tapes are used depend upon the surface to protected and application, we recommend the color if the film and adhesive.

- ▶ Adjustable peeling force.
- ▶ Excellent protection against abrasion and scratches
- ▶ No adhesive residue.
- ▶ Weather resistance, easy to peel off

### STRETCH FILM

Stretch wrap or stretch film is a highly stretchable (23 mic) Plastic film that is wrapped around items. The elastic recovery keeps the items tightly bound. In contrast, shrink wrap is applied loosely around an item and shrinks tightly with heat.

It is frequently used to unitize pallet loads but also may be used for bundling smaller items. Types of stretch film include bundling stretch film, hand stretch film, extended core stretch film, machine stretch film and static dissipative film.

### MACHINE GRADE STRETCH FILM

Stretch wrap or stretch film is a highly stretchable (30 mic) Plastic film that is wrapped around items. The elastic recovery keeps the items tightly bound. In contrast, shrink wrap is applied loosely around an item and shrinks tightly with heat.

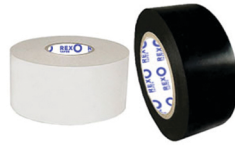

It is frequently used to unitize pallet loads but also may be used for bundling smaller items. Types of stretch film include bundling stretch film, hand stretch film, extended core stretch film, machine stretch film and static dissipative film.

### PVC INSULATION TAPE

Soft Polyvinyl Chloride (PVC) film coated with pressure sensitive rubber adhesive possessing great electrical properties.

- ▶ Good resistance to moisture.
- ▶ High quality adhesion & quick stick.
- ▶ Easy tear properties.
- ▶ High voltage resistance.

### PVC PIPE WRAP TAPE

Polyvinyl Chloride (PVC) film coated with synthetic pressure sensitive rubber adhesive that provides excellent peel strength, anti-corrosive properties & moisture resistance.

- ▶ High quality adhesion
- ▶ Easy tear properties
- ▶ High UV-resistant

### PVC FLOOR MARKING TAPE

Floor marking tape is high strength, single coated pvc. film base tape with strong rubber based adhesive. It offers immediate quick stick yet allows for removal with minimal residue. It is used in places of paints. Paint is smelly where tape will not emit smell. No need to apply over and over again and easy to remove.

- ▶ Color : Red, Red/White, Yellow, Green, White/Green, Blue, Black, White, Yellow Black colors are available.

### WARNING TAPE

Warning tape is brightly colored tape ( often incorporating a two-tone pattern of alternating yellow-black or red-white stripes or the words "Caution" or "Danger" in prominent lettering) that is used to warn or catch the attention of passersby of an area or situation containing a possible hazard. It acts as a minor impediment to prevent accidental entrance to that area or situation and as a result enhances general safety.

### NECK SEALING TAPE

PVC Bag Neck Sealing Tape Color coded sealing, designed for use with bag sealing machines!

Often known as 'bread bag' sealing tape, this product offers you high speed sealing for a range of retail or domestic purposes.

- ▶ Color : Green, Red, Yellow

### FILAMENT TAPE

A Self Adhesive Tape which has been specially designed for applications requiring a high breaking strength.

- ▶ For Packing of heavy weight cartons
- ▶ For Parallelizing
- ▶ For Strapping
- ▶ For sealing of metal coils or pipe binding

### DOUBLE SIDED ACRYLIC TAPE

Mounted trims, emblems & body side molding are fixed with high performance adhesive tapes & die-cut. Various grades of acrylic foam tapes & PE form tapes & their die-cuts are available in various thicknesses.

- ▶ For structure glazing.
- ▶ Aluminum door window, ACP, glass.

### RED POLYESTER TAPE

Self adhesive tape consisting of a PET backing and a modified acrylic adhesive with transparent Salmon Pink color Liner. Excellent resistance to demanding environmental. Multiple applications such as to fix cabinets, shelves, bins and other house hold equipment's. High bond tape is suited to outdoor uses. It is suitable for flex jointing, splicing.

### DOUBLE SIDED PE FOAM TAPE

- ▶ Protects from water, moisture and dust.
- ▶ Double sided XPE Form Tape
- ▶ Coated with variety of adhesives.
- ▶ Easy and quick to apply on different clean surface.
- ▶ Used for spacer in glass
- ▶ Thickness 1mm & 08.mm
- ▶ Color : Red, Blue, Green

# NEXUS BOND

PACKAGING LLC

### DOUBLE SIDED 3mm FOAM TAPE

Elastic & easy tear PE Form. Produced by coating acrylic solvent adhesive on both sides of the form and separated by release paper.

It adhesive well to a variety of surface and exhibits excellent holding power.

- ▶ High track.
- ▶ Easy to use indoor and outdoor purpose.
- ▶ Provide a good barrier of dust
- ▶ moisture, gas vapor and chemicals.

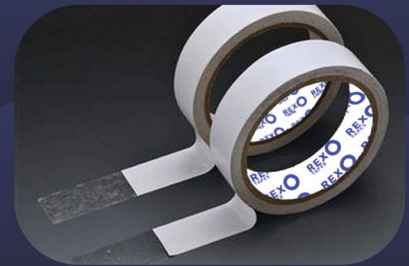

### SINGLE SIDED 3mm FOAM TAPE

PE Form. Produced by coating acrylic solvent adhesive on single sides of the form and separated by release paper.

It adhesive well to a variety of surface and exhibits excellent holding power.

- ▶ High track.
- ▶ Easy to use indoor and outdoor purpose.
- ▶ Provide a good barrier of dust moisture, gas vapor and chemicals.

### DOUBLE SIDED TISSUE TAPE

Double sided adhesive tape development for permanent fixing and it has supreme adhesion and durability with various substrates and it suit a wide range to users, including plastic name plates, various film and foam materials suitable for die cutting as release

- ▶ Flawless Finish
- ▶ High Strength & Tear Resistance
- ▶ Base Color: White , Blue, Yellow, Red, Green, Black & Many more...

### TAPE DISPENSER

A tape dispenser is an object that holds a roll of tape and has a mechanism at one end to shear the tape. Dispensers vary widely based on the tape they dispense. Abundant and most common, clear tape dispensers (like those used in an office or at home) are commonly made of plastic, and may be disposable.

### NECK SEALING MACHINE

Bag Neck sealing machine is used commonly to seal plastic bags with PVC tape. This bag neck sealer is made with a durable metal frame.

### PP STRAP

PP straps are manufactured from virgin , Eco friendly & low density polypropylene raw material. The PP straps are most suitable for packing (sealing), reinforcing building, unitizing and parallelizing of articles through various high speed strapping machines and also for manual strapping solution. PP strap is made of high quality virgin raw material which comes from the best and reliable producers of PP prime granulates.

# About Nexus Bond

We are in U.A.E as well G.C.C, Market and other parts of the world form out most modern computerized plant in UAE with our team of experience staff we can offer the very best in terms of services and supply.

Our Believe: Respect is earned Honest is appreciated, Trust is Gained, Loyalty is returned. You get the best of others when you give the best of yourself. Being the best is the only market which is not crowded.
